

University of Alabama Expenditure Guidelines

This matrix is intended to assist the user in identifying the appropriate method of payment for common expenditures. For more information about a specific category, please consult the Accounts Payable, Purchasing, or Purchasing Card Services websites for the full text of the applicable policy. All standing UA contracts must be observed.

The source of funding must always be considered when determining whether an expenditure will be allowable. Certain Contracts or Grants may prohibit some of the expense categories listed here. Categories that are designated as "Foundation Funds Only" are only considered allowable when charged to Foundation funds (Ex. Capstone).

		Symbol Key:
